Programme

Day 1

Arrival

Arrival to Lisbon airport and transfer to Barradas da Serra Country House, an incredible Manor House where you'll be received like family on this welcoming farm estate.

For more than a century producing cereals, including wheat, this activity has lost some significance over time, and it is now the oak forest (montado) of greater importance in the activity of the homestead. The production of cork is an investment with many years of tradition in the family, being also of great importance for the region and the country.

In the evening there will be a general briefing on the tour followed by a delicious traditional dinner (not included, ask for reservation)

Transfer will be made during the afternoon at 15h00.

*If you intend to arrive to a different Airport or with a different schedule, please contact us to quote and organize your transfer

We'll be stopping at the St. André Lagoon, surrounded by golden dunes and a diversified avifauna, making of this a very pleasant place, filled with peace of mind and beauty. Our Chef as prepared a delicious picnic and then it's time to head back to the enchantments of our Country House.

Day 3

Ocean Views

Following a delicious breakfast we continue our biking through the Alentejo.

We'll be biking on our way to the medieval city of Santiago do Cacém, passing through lovely landscapes.

You'll marvel at the scenic splendor of the ocean touching the shore, majestically blending the blue of the sea and the green of the landscape. Our journey continues with a smooth and breezy downhill dash to enter the Southwest Alentejo and Vicentine Coast Natural Park, all the way to Porto Côvo. Discover here a genuine seven heaven made up of almost only deserted beaches, cliffs and crags amidst exceptionally rich biodiversity and unique geological heritage. Among the 750 plants and 200 species of birds that have been identified throughout the area of the Natural Park, there are a few worth mentioning, like the White Sork, Bonelli's Eagle, the Peregrine Falcon or the felines such as the Fox or the Iberian Linx. We'll be spending the night immersed in this true masterpiece of nature, at the most welcoming cotton white Country House Três Marias, where nights are spent between candle lights and admiring the stars above.

A delicious homemade dinner makes us feel absolutely comforted and relaxed...

Night at Três Marias Country House.

Stage: 65km

Day 4

Typical Villages

Enjoy your breakfast and then meet our team for another day of great cycling through the Vicentine Coast Natural Park. This Park, with more than 100km in length, is the largest stretch of protected Portuguese coastline, and we've made a special effort to prepare the tour for your best enjoyment. Our biking takes us to the fishing village of Vila Nova de Milfontes with a strong connection to the ocean, in the estuary of the Mira river, where many centuries ago Celts, Phoenicians, Greeks, Carthaginians and, of course, Romans and Arabs passed through. Then it's time to get back to our cozy Country House and relax...
